Crimson International

Ophthalmology Featured Products.

INTRODUCTION:

Crimson International was one of the fastest growing companies working in Surgical, Dental, Beauty, and Eye Instruments and also in Anesthesia instruments. Since 2000, Crimson International is working day and night to achieve their goals and provide their customer what actually they want. Crimson International located in Sialkot, Pakistan. Sialkot city is renowned worldwide for its manufacturing trade so this gives us the opportunity to take advantage of the city's best manufacturing techniques for our instruments.

OUR VISION:

Our vision has always been very clear. It is to offer best quality products, at the best competitive prices, to satisfy our customer's needs and requirements. In order to continue achieve our vision, we will continue to pursue upgrades in the latest technologies, craftsmanship, product and development.

OUR QUALITY:

Quality is a committed to maintaining state-of-the-art engineering and manufacturing facilities where product integrity is our first priority and continuous improvements an integral part of the plan. Quality is uncompromising. It means doing it right every time.

DELIVERY:

Delivery means producing your products when you need it through a commitment to maintain flexible, cross trained work teams with reserve capacity for quick response. Delivery means shipping a quality product on time, and doing it faster than anyone else in the industry.

Lifetime Guarantee:

All Crimson International Instruments are guaranteed for life against manufacturing defects, provided that the instrument is used for its intended surgical purpose. Crimson will repair or replace the instruments without charge at our discretion*. Our guarantee is unqualified because Crimson International products are checked by our own quality control inspectors.

Our instruments are carefully examined at the factory. Also, our surgical instruments experts inspect every instrument using a fifty-one-point checklist for all incoming instruments and a six point final checklist on every item shipped.

Any instrument not meeting our stringent quality standards is polished, cleaned or fine-tuned in our own workshop. No instrument is shipped unless it meets our standard.
